Constance Riley was the elder sister of brother Bernard 'Red' Riley. Connie graduated from Mount Wachusett Community College and UMass/ Amherst at ages 47 and 51, respectively. She was a founding member of the Fitchburg Women's Center and Womanspace in Gardner, working as a co-ordinator for both. She held positions as a community organizer/planner for Low Income Planning Aid, a delegate agency of the Montachusett Opportunity Council; the equal opportunity officer/executive assistant for Rural Housing Improvement agency in Winchendon; and the director of the Fitchburg/ Leominster Community Action Center. Connie was an activist in the civil rights, peace and women's movements. She was recognized in the Greater Gardner AARP publication Greater Gardner Women Who Made a

Difference. She was co-founder of the Central Massachusetts Genealogical Society, creator of Montachusett Opportunity Council's Magic of Books program for distributing free books to low-income children, and a publicist of the achievements of Lucy Stone, nineteenth century women's rights leader. In 2006, as part of a clinical trial, Connie was one of the first people in the United States to have a non-surgical aortic valve replacement. Connie was a published poet and writer after taking writing courses in retirement. At age 86, she completed her first book, *Chair City of the World*, a chronicle of life in Gardner through several generations of her family's experience. She belonged to the Westminster Great Books Discussion Group for many years, and was a member of the Worcester Friends Meeting.

b. St-Germain-l'Auxerrois parish, Paris France c. 1637, d. Neuville Province Quebec 1684

oo Notre-Dame-de-Quebec 09/14/1670 Marguerite LAMAIN

Michel arrived in Qubec City June 30, 1665 as a soldier, Monteil Company, Poitou Regiment which later merged with the Carignan-Salieres Regiment to defend against the Mohawks.

Michel was born in St-Germain-l'Auxerrois district of Paris, France. Although his birth date is not known, his age at the time of receiving the Sacrament of Confirmation [1665?] is recorded as 28 years. Having died in 1684 at age forty-seven it is assumed his birth year was 1637.

Marguerite arrived as one of the Filles du Roi (King's Daughters) sent by the French King as wives for soldiers who elected to settle in New France. She was fourteen years-old at marriage and was from Rouen, Normandy France.

Michel and Marguerite settled on a farm allotment located seven leagues southwest of Quebec at Pointe-aux-Trembles (Neuville).

Emigrated from England. "John appeared in Dorchester as early as 1633 ... In 1640 he removed to Scituate where he owned land, one piece being a farm of 108 acres near the mouth of the North river on the Marshfield side, and after 1646 when he became one of the Conihasset* Partners he owned the lands which through that transaction became his share. During his residence in Scituate he was made constable, then one of the most remunerative as well as one of the most important offices in the gift of the townsmen. To act as sheriff he must have been a freeman in Scituate, but the only mention of his being such is in the Records of Plymouth Colony where the entry is, under date June 3, 1652 ... In 1644, he sold his farm on North River to one Thomas Hicks and another disposal of land in Scituate was in 1654 when he conveyed half his share in the Conihasset lands to John Williams, Jr., giving the other half to his son Robert. During this year, 1654, he removed to Lancaster where two years before, when the town was platted, he had invested some money." —WikiTree.com

Emigrated from England. "He was one of three men sent up in 1645 by the grantees of Nashaway Plantation, now Lancaster, to make suitable preparation for their coming. The other two were his father-in-law Richard Linton and John Ball, all three of them being ancestors of Hattie Bruce. The proprietors assigned to him a lot of seventeen acres on which he built a house. This was probably the first dwelling house built in Lancaster. The trucking house, used for trading with the Indians, on George Hill was probably the first building in Lancaster."

Thomas Rogers was called a Camlet-merchant, a grade of wool cloth used for cloaks and petticoats. He knew many of the separatists in Holland and decided to go with them to America...Thomas and son Joseph, sailed out of England on August 5, 1620. They arrived November 11, 1620 at what would be called Cape Cod...Thomas was the 18th signer of the Mayflower Compact on Nov. 11, 1620, out of a total of 41 signers.[7] It

served as the first form of government in the colony. On Dec. 16, 1620, they came ashore at Plymouth after spending time to search for a suitable area. It had cleared land and fresh water. Construction of shelter started on Dec. 23rd. Two early fires in the colony destroyed several structures, which slowed progress. Many original Mayflower passengers died that first winter. There were about 40 deaths, including Thomas Rogers. He died sometime between Dec. to Feb. 1620-1621 'in the first sickness'" — WikiTree.com.
